INTRODUCTION

If you're like most Internet users...your email inbox is bombarded with get-rich-quick schemes. Most of us delete them without so much as a quick glance. Yet deep down, I think we all know that amongst the junk there has to be a few jewels. After all, the Internet is a multi-billion dollar marketplace, soon to be multi-TRILLION. There's got to be SOMEBODY who's developed a legitimate opportunity for cashing in on the Internet revolution.

There is, but you've probably missed it because unlike the get-rich-now hawkers, this company detests hype. Yet, ironically, their growth is unprecedented

Remember when a network marketing company considered itself a major player in the industry when it reached 100,000 representatives? This company recently added 180,000+ sales reps just in FEBRUARY alone!

The company is the SFI Marketing Group. SFI is the creation of Gery Carson, who in the 1980's pioneered the Direct Mail model for network marketing. Gery is also the author of the book, *The Home Business Revolution's Greatest Entrepreneurs*, and the publisher of *Six-Figure Income Magazine*.

With that kind of a resume, it is not surprising that his new Internet-based marketing network is putting up impressive numbers. But over 5000 new sales reps added a DAY?! What's the attraction?

Here's a partial list:

1. You can sign up FREE, get a FREE Website, and test drive the program for as long as you want at absolutely no cost or obligation EVER.
2. A lucrative compensation plan. Tens of thousands of SFI's affiliates are already receiving monthly commission checks, totaling over \$3 MILLION dollars since July 1st.
3. SFI understands the Internet. SFI itself is totally database-driven which means that almost everything happens in real-time. From SFI's powerful central Admin site, there's online, real-time genealogies, plus numerous other tools to manage your business such as instant group messages via email.
4. Perfect for the "little guy." There are no group volume requirements. In fact, the toughest thing you ever have to do with SFI is give away free stuff.
5. FREE 24-Hour Professional Consultation. Each SFI affiliate is assigned three leaders to

provide free consultation and support.

6. The Internet is exploding worldwide. USA TODAY recently reported that over 170,000 new people are getting online every 24 hours. Many smart business people are becoming millionaires on the Internet. And this is just the beginning! With SFI you can grab your share.

7. Thanks to the Internet and SFI's smartly-designed infrastructure, your business expenses are minimal. You can contact thousands on the Internet via email, search engines, directories, free ads, etc. All free! No door to door sales. No postage. No printing. No brochures. No tapes. No videos. No long distance calls. Instant communication - worldwide.

8. Don't know anything about marketing on the Internet? Included FREE when you sign up with SFI is an ongoing course in making money on the Internet. It's emailed to you FREE 1-2 times per month, plus there's also a Website of all the past lessons. **EVEN IF YOU END UP DOING NOTHING WITH SFI, GET SIGNED UP AND GET THIS INVALUABLE COURSE!!!**

Like I have always stress before, SFI is not a get-rich-quick programme but I know where you can find one of those, just type into your search engine... "how to make \$1000 tonight" and you will see millions of one-page website offering to make you rich overnight if you just buy one ebook or one useless software. Only to suck you dry and leave you more miserable.

So SFI is not one of those, before you can even see any one cent in SFI, you have to work for it, that's why I have always say that you have to treat your SFI like a business. Any businessman that wants to succeed knows too well that he have to put time, passion and investment into the business in order to succeed.

What kind of money SFI makes for you?

With SFI you can make two types of income:

Residual income

Leverage Income

Residual Income is income that keeps coming in month after month, year after year, from work you do just ONCE. It's like a royalty. An example would be writing a book or recording a song and getting paid forever on it. Wouldn't it be absolutely awesome to have that?! *Well, with SFI you can!*

Leveraged Income is earning money through other people's efforts. There are only 24 hours in a day. Hence, there's only so much you can earn through your own efforts. But with SFI, you can earn Leveraged Income (in the form of "override" commissions) when affiliates you've sponsored in SFI make sales.

So does this means you don't get paid at the moment?

Of course not, you get paid as you devote your time daily to do your daily task with SFI and generate sales in TripleClicks in order to earn direct commission, however this income and commission tends to increase with time as you build a team of motivated and active affiliates on downline, who can duplicate what you do, allowing you to earn on all their activities till 12 step below.

This means that if you have like a team of 100 active affiliates under you after like 2 years with SFI and you decided to retire, you will continue to make around \$5000-\$20000 per month without doing any other additional work, that's how SFI structured it's system so that you know that you have to sacrifice today in order to enjoy tomorrow.

“The fruit of harvest is always a delight to the farmer, but the harvest is not in the same season as planting”

The fact is, by simply sponsoring a few good, active SFI affiliates; you can eventually have hundreds or even THOUSANDS of affiliates and TC members putting money in your pocket from around the world...around the clock!

But that's not even the best part. Each affiliate on your sales team has his or her own vested interest to build and KEEP ON building his or her business and income. This, of course, means YOUR income can continue and grow month after month—even when you want to take a vacation or decide to retire altogether.

Rest assured, *there are few things greater than returning home from a nice vacation to find a commission check even bigger than the month before waiting in your mailbox!*

Bottom line: With SFI, not only can you earn "do-it-once, get-paid-forever" residual-style income, you also can earn Leveraged Income on the sales of thousands of other affiliates! If building financial security is one of your goals, you've found the vehicle to do it with in SFI.

So below am going to show you the straight-forward way you can start making up to \$20,000 per month after two years with SFI, some who are really motivate may find it easy while some will find it impossible, well there is this saying that says “we are what we think”.

You can make money with SFI if you are ready to invest both your time, energy and money, SFI should be treated like a business, and so in that case, for your business to succeed in real world, you have to invest both your time and money.

Most people enter SFI with aim of making quick cash, when they hear that you have to spend to make money, they easily become discourage, you don't have to be, if you can't invest few dollars to build you SFI business, stop here, delete your SFI account if you have opened one, and go back to your normal way of being an “employee”, work 40 hours a week for someone for 40 years and retire with \$40 in the bank!.

The only problem with your typical work is once you quit, the money stops coming, but with sfi, even if you decide to retire, the money keeps chasing you wherever you are, you can even leave it for your children and your grandchildren.

When I started SFI I did not understand anything or how it works, I registered and never came back until after one year, after I have wasted a lot of my money looking for what works online, I found out that only SFI have stayed strong making people rich for good sixteen years, I did research on SFI for two months, make some interview with people on inner circle and was able to form a strategy that works, so am going to share it with you below:

"I know the price of success: dedication, hard work and unremitting devotion to the things you want to see happen."- Frank Lloyd Wright

How can you earn with SFI:

1. **Direct Commission:** Each time an SFI affiliate that you have personally sponsored—OR a TC member that you have personally referred—places an order at TripleClicks.com, you earn 45% of the CV.

SFI's Direct Commission program is powerful because once you sign up a member or affiliate, they become your customer for life!* SFI takes care of all order processing, product shipments, and customer service at no cost to you, and pays you a Direct Commission for every order placed by your members and affiliates for life!*

Special Note: For purchases by personally referred TC members, you'll ALSO earn all the VP** on the order—which can earn you additional shares of the TripleClicks Executive Pool!

Earnings Example: An order is placed by one of your personally referred TC members that have \$23 CV and 1,725 VP. You earn a \$10.35 Direct Commission (45% of \$23) and 1,725 shares in the TripleClicks Executive Pool.

2. **Sponsoring:** You make money with purchases and sales made by all the affiliate in the world that enters SFI after you, down to 12 levels, you also make matching points as their points increase, this means, if you sponsor 20 affiliates, you make money from their purchases and sales, you also make money from the purchases and sales made by those under those 20 affiliates and those under them down to 12 level.

3. **TripleClicks Executive Pool:** SFI have a store called TripleClicks, this is where they generate money they pay their affiliates and also where you can choose the product that you want to promote, Once you were able to reach Executive Affiliate level within the month, you participate in the profit made in TripleClicks, your share of profit increases as you rank increases.

How to share in the pool:

For each VersaPoints (VP) you accumulate during the month, you will receive one share

of the month's pool. The more VP you score, the more you will earn from the TripleClicks Executive Pool! It's that simple. Note that VP can be earned for doing a wide variety of actions

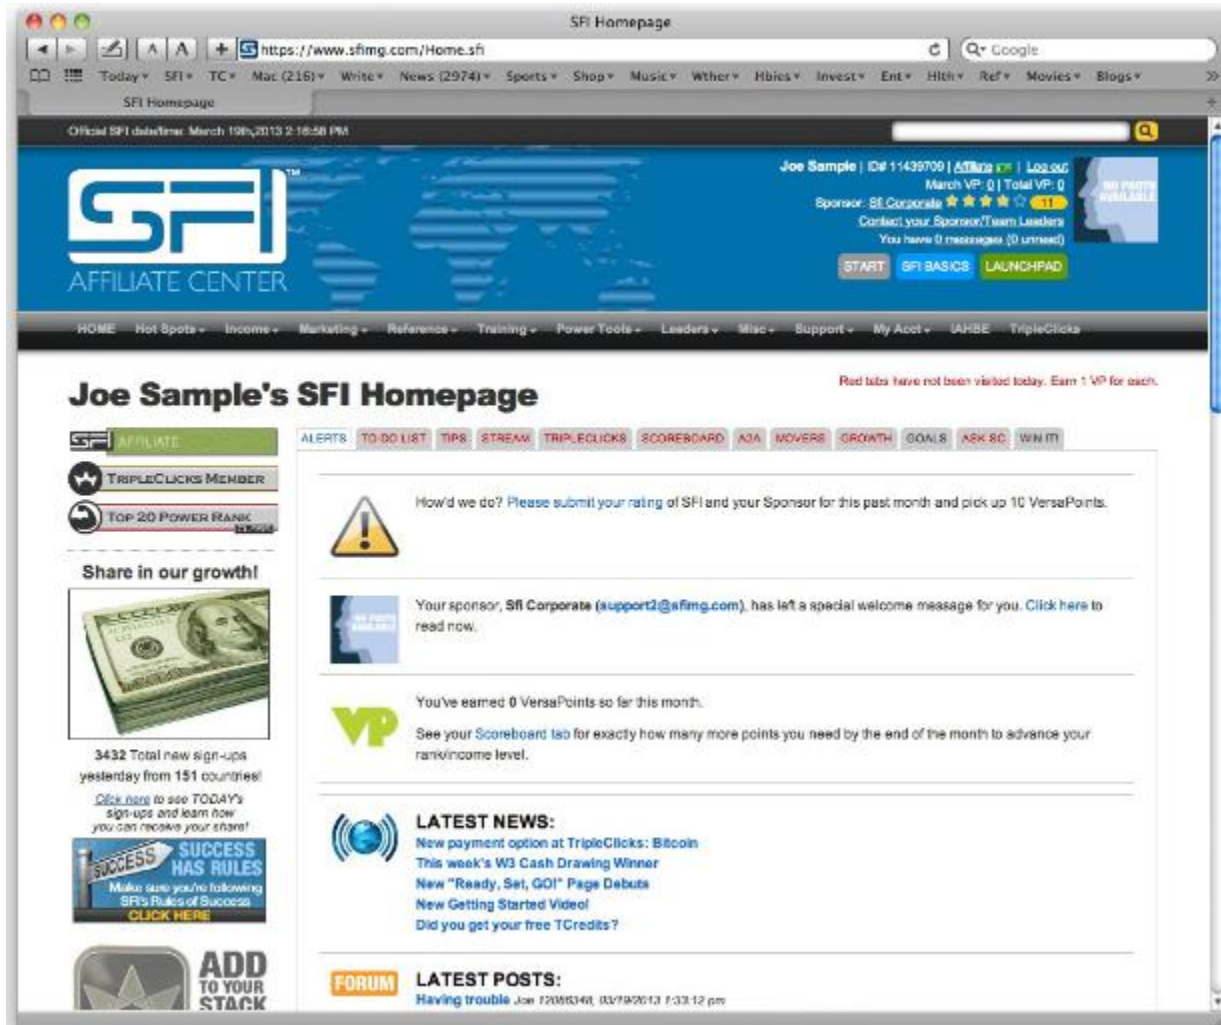

4. **E-Commerce Associate:** With this programme you can list all your product in TripleClicks free, and made money as millions of SFI affiliates refers customer to your product, this means that if you have an ebook on your website, you can list in TripleClicks and continue to make some much money from the sales. However, if you don't have a product to sale in ECA. You can refer somebody you know to list their products in ECA and you make commissions in all the purchase made from this way. SFI handles the payment process and pays you in your local currency wherever you are whether you are in Serbia, India, Nigeria or Ukraine. The ECA referral program is very powerful because all you have to do is introduce an ECA to TripleClicks and you're all set to earn royalties for life! Every time anyone—anywhere in the world—buys something at TripleClicks from one of your referred ECAs, you earn a royalty!
5. **SFIPPA:** This simply means SFI pay-per-action programme, for website owners or blog owners, Once you join SFI, you can choose this programme, SFI assigns you a banner you paste on your website/blog that directs people to take an action, once the action is completed, you earn \$10 for that particular action taken, this means if your website generates lots of visitors, you can make thousands in a day with this SFIPPA programme alone.
6. **Co-Sponsor Commissions:** SFI assigns you some affiliates that you will co-sponsor, this way you make money from their sales and purchases, depending on how active your co-sponsored affiliates are, you can make lots of money each time you reach EA, (Executive Affiliate Level) and SFI assigns you these affiliates, as you grow your SFI business, you can get hundreds on them.

Earnings Example: An order is placed by one of your co-sponsored SFI affiliates (CSA) that has \$28 CV. You earn a \$4.20 Co-Sponsor Commission (15% of \$28).

How to acquire CSAs (Co-Sponsored Affiliates):

- A. A minimum of TWO (2) CSAs are allotted to you each month you attain the rank of EA (minimum 1500 VP)—available on or about the 12th of each month.
- B. You can win CSAs in the [Daily Grand](#) contest.
- C. CSAs can be won via Pricebenders Auctions. See schedule for upcoming CSA auctions [HERE](#).
- D. CSAs can be won each day in the [Entrepreneur365](#) Finalist drawing.
- E. Every month, thousands of Co-Sponsored Affiliates are forfeited and need a NEW co-sponsor. Become a Team Leader and a share of all of these forfeited Co-Sponsored Affiliates will be automatically added to your team, with YOU as their new co-sponsor!

With all these ways to earn I listed above, you will be asking yourself how much, can you earn, it totally depends on you, on how motivated you are about you SFI business, if you put one hour per day with little investment you are going to be making more than \$20000 per month after just two years, so set the target that you wants to reach today with you SFI business.

How Can You Make Money with SFI

All SFI requires you to do in order to earn lots of money is to simply:

REACH EA2 STATUS OR TEAM LEADER STATUS AND MAINTAIN IT EVERY MONTH.

Ok, it's not that simple, otherwise everybody that joins SFI will be making thousands per month but am going to make it straight-forward for you to be able to reach it, we're going to analyse it from your first month of joining SFI

How do I Get Started?

If you have not joined SFI, [click here to do so](http://www.sfi4.com/14742048/FREE), or copy and paste this address into your browser to check it out, <http://www.sfi4.com/14742048/FREE>. am going to take you by hand and tell you all you will do months after months, so it means that you have to keep this ebook safe and accessible, so that once you complete your first month, you can easily come back and take a look at what you have to do in your second month and so on.

YOUR FIRST MONTH:

The first month is the easiest to win VersaPoints (these are points that determines how you get paid). You are not eligible for win Affiliates VersaPoints. So you should focus on just three things

- Qualify for the Fast Track Bonus
- Qualify for the contest Entrepreneur 365
- Earn 1500 VersaPoints= Become EA

How can you reach these targets easily?

Determine the remaining number of days for the current month. For example you sign up on the 15th of the month that means that you still have 15 days (for a 30 days month) left to reach you EA status.

-Compute the number of VP that you can get from your Daily Task.

Example, if you have 15 days multiply it with 11VP then it will give you 165 VP. That means you need 1335 VP to reach your EA status.

-Go to your VP Ledger page (<https://www.sfimg.com/MyAccount/MyReports/VPLedger>) and complete the task that will give you the 1335 VP needed for your EA status.

Remember that if you buy/sale the “New Members Pack” or Set Up a Standing Order for 125 Tcredits within your first 10 days of signing up in SFI you will get a bonus of additional 200VP for becoming a SFI Fast Track member and also you get additional 10% of your total VersaPoints per month paid to you each month you remain SFI affiliate. You

will also get your Fast Track member badge(Silver or Gold badge). Fast track set the tone of your SFI business and show your sponsor that you are very serious.

NOTE: once you earn the required 1500 VersaPoints, you immediately becomes Executive Affiliate, and stands to share in TripleClicks executive pool, Since you are not qualify to earn affiliates VersaPoints in your first month, you should leave some of actions in your VersaPoints Ledger to for next month, so that we can easily reach EA2 on your second month.

It's also very important that you use this period to read all the training that SFI offers in their website, it is very crucial to your success as SFI affiliate.

You can do the below in order to earn 1500VP in your first month, remember to stop once you reach your EA (1500VP)

1. Earn 500 VP in the first 24 hours so you can get 200 bonus VP. (700 VP)
2. Make your tabs opportunities daily. (11 VP) + (VP 700) = (711 VP)
3. Set monthly goals before 10. (5 VP) + (VP 711) = (716 VP)
4. Review your page tConnect. (5 VP) + (VP 716) = (721 VP)
5. Confirm your registration. (VP 150) + (721 VP) = (871 VP)
6. For mail@sfimg.com whitelist. (VP 100) + (871 VP) = (971 VP)
7. Complete your membership profile. (75 VP) + (971 VP) = (VP 1046)
8. Sign up as a member A2A. (60 VP) + (1046 VP) = (1106 VP)
9. Send a message Commitment SFI sponsor. (50 VP) + (1106 VP) = (VP 1156)
- and
10.
 - 20 * To read the "About SFI page"
 - 20 * In considering compensation plan SFI
 - 10 * To review the AAP benefits Graphic
 - 10 * To check the Central Standing Order Information page
 - for a total of (VP 60) + (VP 1156) = (VP 1216)

This leaves only 284 VP is to achieve EA, and these points can be earned by just Shares / Daily Tabs.

1. Lessons Launchpad = 30x15 = VP each (450 VP)
2. Intermediate action is 21x10 = PV = each (VP 210) + (450 VP) = (660 VP)
3. Get actions ---
 - 50 * To read the Getting Started FAQ
 - 35 * For the discussion of marketing methods and aids to generate TripleClicks sales
 - 35 * examination of aid and trade resources for sponsoring SFI Affiliates
 - 35 To upload your photo in the center Affiliate

for a total of (VP 155) + (660 VP) = (VP 815)

4. To Love / After SFI and TripleClicks on Facebook. Twitter. (80 VP) + (VP 815) = (895 VP)
5. Shares Daily Weekly, monthly to do the rest.

With the above, to reach EA in your first month will be easy ride, remember that once you reach 1500VP you reserve others for second month, **then you continue to do only your daily task on daily basis in order to earn 12VP required to stay in E365 challenge**, also enter into daily grand prize contest in order to stand a chance to win something. You may like to enter into T-time contest, which is hourly contest; you can win TCredits in this contest.

Note that if you vote for 30 answers in your “AskSC” tab, you will be awarded one additional entry into grand prize contest.

Now we are going to enter second months, remember as you do your first month tasks, try and set some money aside because in the second month, we are going to begin investing in order to boost our business and reap the greatest reward.

Why is it important to save for next month?

I told you to save some money so that we can invest it in our second month, so with this. Some weary heart will run away, our aim in SFI is to have employer’s mentality and not employee mentality, if you just want to get paid without losing any money then you are going to be employee all your life, but if you are here to make good money, you should treat SFI as your business. SFI is carefully structured to unleash the potentials in you, some may find the next few paragraph difficult.

We are here to make big money; I really mean a lot of money, not just a few hundred dollars per month. Because I think that in order to understand the great motivation we need to succeed in this business, we really need to be perfectly aware that SFI Business will change substantially our lives.

In a few words we need to think big. Otherwise what’s the sense of all this? If it were just for making normal money, we could look for a normal job.

How could we be excited, fired up, just thinking about making a few tens or hundreds of dollars per month?

So, I think that those among us who are really serious and willing to make their life a wonderful life, those who want to be exempt of all those financial worries which could literally destroy a person’s existence, need to treat this business like a real business, not just like a kind of hobby.

So the question is:

Do you know any profitable business in this world where you don't have to invest and risk a lot of money to start-up and then to run it? I don't.

Fortunately, SFI is totally different in the meaning that we don't have to invest and risk "a lot of money".

Nevertheless, in my opinion, at least a few tens of dollars per month need to be invested.

Why?

Because what you actually want is to make BIG money to really enjoy your life.

So let's make an example here:

Let's say you consider that for you, 10,000 (ten thousand) dollars per month will be enough to live the life you're dreaming of.

So, what do you need to achieve this (perfectly achievable) goal?

You could check the SFI earnings calculator, but I realized that this beautiful tool purposely uses very conservative number, so that the amounts provided don't appear unrealistically large.

That's why I prefer to base my income plans on the REAL NUMBERS I actually see in my Commission Reports for the previous months.

Let's start from three facts:

A) Currently the value of each Versa Point is about \$0.0005

B) The SFI "ultra-simple 3-step plan" teaches something that everybody in this world is able to do:

- Become an Executive Affiliate (EA) and remain an EA every month
- Recruit five affiliates
- Teach your five affiliates to do these same three steps

C) An EA has minimum 1500VP and a typical CV (Commission Value) of (only) \$20CV. That being said, let's say you decide to recruit those five affiliates and you teach them to create the same duplication within their first month.

Then multiply the \$ Versa Point Value for the total number of Versa Point generated by your EAs downline and you will see that in just 6 months you'll achieve and surpass your initial goal of \$10.000,00 (ten thousand dollars) monthly income:

Month	EA2	Total EAs	Total VP	Monthly Income
1 st	5	5	7500	\$3.75
2nd	25	30	45000	\$22.50
3rd	125	155	232500	\$116.25
4 th	625	780	1170000	\$585.00
5 th	3125	3905	5857500	\$2,928.75
6th	15625	19530	29295000	\$14,647.50

On top of this of course, there will be the extra income consequently generated by all the different stream included in the SFI Compensation Plan like: ECA Royalties, Direct Sales, SFIPPA (Pay Per Action) and SFI contests.

What could be the “obstacle” in this fantastic path to follow?

It’s obvious: all kind of serious and reliable businesses, in order to produce earnings, need to produce at least a minimum amount of sales, need to move money. Otherwise they can’t be called “business”.

But here the good news is what you can also read in the earnings calculator: “Estimate is based on a typical CV (commission volume) per Executive Affiliate of (only) \$20”.

This is Fantastic if you consider that part of the SFI business, is tripleclicks.com; one of the best “money-saving” online stores in the world.

And it is YOUR Store! Exactly; whatever your PSA and EA2 will buy at TripleClicks in the years to come, will produce a large monthly income for you, even if you’re on holiday or just sleeping.

YOUR SECOND MONTH

The Focus of our second month is to maintain Executive Affiliate" EA" status & Find at least 3-5 Personally Sponsored Affiliates (PSA).

Compute the VP that you can get from your Daily Task. For Example, if the current month is a 30 days month that means that you can get 330 VP from your daily Task.

-Go to your VP Ledger page and check how much is the remaining VP that you can get from your uncompleted task. This will vary depending on the task you complete during your first month.

-Check if you are eligible for the monthly Task like “*Rate your Sponsor*” and “*Setting your monthly goal*”. If not then you can do your Weekly Task (whichever is available).

-Assess how much VP you can get to maintain your EA2 Status (required is 1500VP).

-You can contact your Sponsor if you find any problem in completing some of the task in your VP Ledger.

How to Maintain EA with additional VP

If the available VP is not enough to reach 1500VP to maintain your EA2 Status I personally recommend that you purchase

- 100 Tcredits Pack standing Order for \$29 per month = \$15.50 CV and 1200 Versa Points

Or

- 125 Tcredits Pack standing Order for \$36.25 per month = \$15.50 CV and 1500 Versa Points

Why do I suggest to ALL serious affiliates to choose these 2 products available at TripleClicks? Because:

This is because SFI has cancelled IAHBE which use to be about the same price but with 1500 EA qualifying versa point. So buying a special package of 100 TCredits pack saves money for affiliate who is running on low budget although it doesn't automatically qualifies you as an EA, you can do you “Daily Actions” and complete the tasks you didn't do last month to get the remaining VersaPoints needed to qualify as EA2.

Another reason is that you can use the TCredits to bid in auctions and win fantastic's products at giveaway prize.

However, if you have a little more money, you can then set up a standing order of a 125 TCredits pack that automatically qualifies you as an EA for \$36.25

With this way you are sure of qualifying for TripleClicks executive pool for the month and new two co-sponsored affiliate will be assigned to you. You can keep a standing order to make sure you always qualify for EA every month.

You can pay for standing order using your PayPal or just visit TripleClicks and purchase TCurrency (more on this later) from a local merchant in your country (recommended) to make it easier for you whether you want to pay with dollar, pound, rupee or naira.

YOUR THIRD MONTH

We are going to get ambitious in our third month, remember, our aim is to make big money, so we are going to try and reach - **Reach Bronze Team Leader Status & Find more PSA's.**

“Aim for the moon, if you miss, you will fell among stars”

It may be ambitious to reach Bronze Team Leader Status in your Third month or Fourth month but it can be done.

This is considering that you already find at least 3 PSA that will also maintain their EA2 status. If not, concentrate in finding your 3 active PSA's and just maintain your EA2 status until you find them.

The easiest way to maintain your EA2 Status is to place a 1500VP standing order (I will recommend that you get the 125TCredits Standing order.

You can use the TCredits to advance your status to Team Leader Status.

-To reach BTL status you must earn 3000 VP. Below is a simple plan to help you earn 3000VP.

ACTION VP's:

MONTHLY VP

Rate your Sponsor 10 VP
Setting your goal 5 VP
For 1500VP SO 100 VP

WEEKLY VP

Sending Team email 120 VP
Visiting TC connect page 20 VP
Posting Stream Post 12 VP

DAILY VP

Completing Daily Task 330 VP (For 30 days month)

Bonus VP per auction Bid 129 VP

TEAM LEADERSHIP & SUPPORT:

Assuming you already have 3 PSA

that will maintain EA2 status 300 VP

TOTAL ACTION VP 1026 VP**SALES VP: (Max is 2000 VP)**

-Place a 125 TCredits Standing Order (Cost \$36.25) 1500 VP

-Use the 125 TCredits in Auction. For every bid you make you will get 1 VP and 5 MRP.

Total MRP's that you will get is 625 MRP.

Use this MRP to buy 4TCredits (126 MRP/TCredits), you will get 102 VP and 5MRP per TCredit you buy. 408 VP (Bonus is if you win in the auction)

- You have a remaining 121 MRP + 20MRP from the purchase of 4TCredits so you still have 141 MRP's. This will enable you to purchase an additional 1 TCredit. 102 VP

TOTAL SALES VP 2010 VP

TOTAL SALES VP + TOTAL ACTION VP = 1026+2000 = 3026VP

YOU REACH YOUR BRONZE TEAM LEADER STATUS.

Note: To receive the full benefit of being a Team Leader you should also comply with the other requirements.

The next important thing that you should do is to find PSA that will duplicate this plan. As your active PSA's increase, the VP that you will get from "TEAM LEADERSHIP & SUPPORT" action will increase and it will help you advance to next Team Leader Status.

Here is something to think about:

If you are serious about starting a Home Business, SFI offers income opportunity for life.

Working a little each day, being serious and motivated, you can earn over \$ \$20,000 per month after 24 months. Make sure you

1.Reach EA2 status or Team Leader status and maintain it every month.

2. Make a Standing order to maintain EA2 status.

A 125 TCredits package will cost an affiliate \$36.25 every month which means you are only spending around \$1.21 every day.

Thinking about it as \$1.21 daily expenses rather than a \$36.25 monthly expense is a lot better although the amount is the same.

3. Finding PSA's is another fear that new affiliates faces, they think that they need to find a lot of PSA's in order to earn in SFI. The simple fact is that we don't need hundreds of PSA's in order to earn a big income in SFI.

The simple fact is that we only need 5 active PSA's in order to earn big income in SFI.

If this 5 PSA's make Standing order (125 TCredits @ \$36.25), you will get a total direct commission of \$39.75.

This means that your \$1.21 daily expense is already covered and you have a profit of \$3.50 per month.

From this point you are running your SFI business for FREE. Maybe you will ask "WHERE IS THE BIG INCOME".

4. Here is the Big Income.

By providing support to your 5 active affiliates and encouraging them to "DUPLICATE" what you are doing. I emphasize the word duplicate because it is very important that you show your affiliates what should be done by doing it first yourself.

This means that you cannot ask your affiliates to do what you yourself is not willing to do.

Below is an illustration how the power of duplication can give you the BIG INCOME.

You can get this BIG INCOME (from matching VP) if you reach Team Leader status (minimum is Bronze Team Leader (BTL)).

You can easily reach BTL status by applying the SIMPLE PLAN presented below.

Gen 1;	5 PSA; all BTL;	3000VP/PSA;	Matching VP= 15,000 VP
Gen 2;	25; all BTL;	3000VP/AFF;	Matching VP= 75,000 VP
Gen 3;	125; all BTL;	3000VP/AFF;	Matching VP= 375,000 VP
Gen 4;	625; all BTL;	3000VP/AFF;	Matching VP= 1,875,000 VP
Gen 5;	3125; all BTL;	3000VP/AFF;	Matching VP= 9,375,000 VP
Gen 6;	15625; all BTL;	3000VP/AFF;	Matching VP=46,875,000 VP
TOTAL MATCHING VP = 58,590,000.			

Converting this matching VP into shares from TC Executive Pool will give you a big Income and Take note that it only started from 5 PSA's.

This is only considering up to Gen 6 of your affiliates, remember that you can earn up to Gen 12 depending on your Team Leader status.

Now comes the question,

How can I get Personal Sponsored Affiliates?

Gery Carson, the founder of SFI have always emphasize the importance of marketing your SFI business, it is through constant advertising that you can get affiliate to keep on signing under you, there are many ways one can look for affiliates, but let's take a look at the easiest one.

Buying Affiliates

Standing Order for 20 Personal Sponsored Affiliates for \$50 = \$6.50 CV and 488 Versa Points
20 Personal Sponsored Affiliates are fundamental in creating with no effort, no time, no risk, the duplication process we all need in order to follow the income path illustrated above. This means you can just buy affiliates.

Join S-Builder Coop

S-Builder is new, international, multi-channel advertising co-op available to all SFI affiliates, giving you the ability to accelerate your path to success by purchasing shares.

Just as a small fire produces little heat, small actions produce small results. With S-Builder, you can turn up the heat as hot as you want and propel your business forward.

No Time? No Experience? No problem!

Less than a daily cup of coffee! No longer is a lack of time or marketing experience a roadblock to success with SFI. With S-Builder, you can simply plug in to SFI global advertising co-op and within a few weeks begin receiving sign-ups (both SFI affiliates and TC members).

Just 72 cents a day gets you on your way

Units (shares) of S-Builder cost as little as \$22. That means that for just 72 cents a day, you can be building a residual income stream for you and your family. Indeed, S-Builder is one of most economical ways to build an online business ever!

Let's analyse what we have above under two options and then choose the income path that we want to follow:

1st option.

1. Always be at least 1,500VP before the end of each current month to be always in the income level. (It's either you accomplish the "to do lists" with corresponding VP or earn more points by buying items at tripleclicks.com which will give you enough VP to be 1,500VP each month) eventually you will earn 2 CSA each month AS A GIFT FROM SFI.
2. Buy at least 1 unit of S-Builder to acquire at least 5-8 personally sponsored affiliates (or downlines) and encourage them to do the same thing I am telling you (take note that every time a PSA will buy at tripleclicks.com you will earn 45% of the item's commission volume) or if you can acquire PSA yourself by recruiting people that's ok.
3. Always support your PSA or CSA on how to run SFI business. Be open with their comments and questions to stimulate their enthusiasm towards SFI

2nd option

1. Always be at least in the top leader board or 4,000+-VP every month to be able to acquire 40 to 50 CSA's every month.

(Again, it's either you accomplish the "to do lists" with corresponding VP or earn more points by buying items at tripleclicks.com which will give you enough VP to be 1,500VP each month).

Check out top leader board last month to view the targeted VP you should earn to be in the top 300 leader board (take note that every time your CSA will buy in tripleclicks.com you will earn 15% of its commission volume)

2. Buying a unit of S-builder is still ok since that if you get more PSA to buy in triple clicks you earn 45% of the commission volume of the item he or she has bought.
3. Always support your PSA or CSA on how to run SFI business. Be open with their comments and questions to stimulate their enthusiasm towards SFI.

4. Engage in the auction for 50CSAs to 100CSAs Pricebenders at tripleclicks.com. The thing is if you win, you get freshly and newly enrolled CSAs who are eager to do the business.

That's all it has to be done. The first time I saw SFI I was as confused as you are. The key is?

“You will not earn any income without referrals, CSAs or PSAs who will buy in tripleclicks.com so the more downlines you will have, the more chances of downlines buying in tripleclicks.com.”

You will ask me "why will they buy"? The same thing that you should buy also. Or else, you will not be in the 1,500vp every month or you will not be in the top 300vp leaderboard every month which will give you the earning level. Got it?

Just consider your expenses here in SFI as your business capital and rental payments each month.

Option 1 is ok for 1 year you might be earning \$500 a month. Option 2 is better. But if you will invest more, you might be earning \$1,000 in your 1st year and may increase rapidly due to excessive inputs of PSAs and CSAs

Put this in mind. This is a business. You put more CAPITAL you get more PROFIT.

IF YOU ARE HESITANT OF MY ADVICE, Try doing #1 option first, if you have already observed its pros and cons, it's the time for you to do the BIG time. 2nd Option is still the superior one though.

How does one support a new affiliate from the second month in gaining needed VersaPoints if he/she does not have any funds?

First and foremost, when you obtain a new affiliate, my best advice is to advise them to reach 1500VP and keep the rest of the once-off ACTION VP for the next month and possibly some for the following month.

That way they will be able to become EA2 by the second month easily.

It is also recommended to use the Launch Pad lessons as they were designed, one a day for a month, that way you are guaranteed 15VP per day plus 11VP for Daily Action VP.

The other advantage is that you can absorb more learning absorbing bite size pieces of information on what SFI is all about.

Make sure you train your affiliates to earn their Daily Action VP by accessing each Red-Lettered tab on the homepage. Exceptions are - the Alert, AskSC and WinIt Tabs.

Alert tab - this is good to follow the latest News about SFI and also the latest discussion threads on SFI Forum - these in themselves are golden nuggets and one can learn a lot from them.

AskSC - one needs to vote for 10 Answers before receiving 1VP, if you vote for 30 Answers you receive an extra entry into the WinIt! Contest.

WinIt! - This is only available if you have earned a minimum of 10VP the day before, you can then enter the Daily Grand draw.

All other tabs have to be read through to the bottom of the page and then click on the blue button to receive your VP for that page.

The Goals tab is a little different, one has to put in a comment of what one has done that day to achieve the goals that are set at the top of the page - the comment is entered at the bottom of the page and submitted once the Submit button has been clicked.

Back to how to help the affiliates lacking funds.

Another way to encourage them is to advise them to find 10 other people who share the same vision of SFI and get them to reach 1500VP each month, like they themselves did, and after the second month of reaching EA2, as their sponsor, they will earn 100VP ACTION - for every affiliate who reaches EA2.

If all 10 affiliates reach EA2, there is a 1000VP ACTION point and they will have about 500VP collected over the month from the Daily Action points and Weekly Action points, together with the Monthly Action points.

Regarding Getting Started Actions, Intermediate Actions and Advanced Actions, use these sparingly and treat them like gold.

This way if you are frugal and calculate when you need to use them to add to your goal of 1500VP per month, you will be able to achieve EA for possibly 3 consecutive months.

In this time, it would be wise to start finding as many people as possible so you can get your 10 dedicated people who will be your team that will provide the needed 1000VP ACTION points, added to your own 500VP ACTION points you've earned, that you need to qualify each month.

HOW TO KEEP YOUR AFFILIATES ACTIVE

Encourage the new affiliate that even though they don't have any funds, they can still earn the needed VersaPoints if they are willing to spend the time to do it.

They can earn 11 VP a day for doing their daily actions (not including VP for bids) which is 330 VP for the month.

30 VP a week for sending encouraging messages with helpful tips/ information to their team (120 VP for the month).

5 VP a week for checking their T Connect page (20 VP for the month) and 3 VP a week for submitting messages to their stream (12 VP for the month).

15 VP for the month for doing monthly actions.

So far, that is 497 VP leaving 1003 VP left to earn. The rest of the VP can be earned by:

- Checking their "to-do list" for any "Getting Started", "Intermediate" or "Launchpad" actions they haven't already done yet that they can earn VP for.

- Completing actions on their "to-do list" under "TripleClicks", "Team Leadership & Support" and "Intermediate actions".

- From bidding in auctions using any T Credits they may have (maximum of 500 VP). Note: They can win 2 T Credits a day by entering T-time once every hour at https://www.tripleclicks.com/t_time.php.

There are 720 T-time winners a day.

- By generating sales from TC members who signed up under their link with their SFI id in it who are not also SFI affiliates. Since they are not also affiliates, any purchases they make not only gives the affiliate VP from it but also earn them a commission.

Encourage them to enter the Daily Grand each day they log in and received at least 10 VP the day before.

Also, provide them with any helpful links for marketing.

If you see them trying very hard (they are logging almost every day and doing things on their "to-do list"-maybe even trying to set up a website/ blog) and they are in communication with you, you can help by giving them TCredits or a small gift certificate (let them know how to use it to their advantage).

Remind them that the more they work on their SFI business, the more it will grow. It takes time but with hard work and perseverance, they can succeed.

There are many different ways to help a new affiliate, which is cash strapped, to get VersaPoints.

HOW TO HELP AFFILIATES WHO ARE LOW ON BUDGET (LACK FUNDS)

1. Ask them to write out all the expenses they have and keep track of every cent that they spend for 30 days.
2. Then they should go through this list and determine if they can find some extra money by making some changes that would enable them to do this.
3. See if there is anything that they could sell, through TripleClicks, to raise some cash to use for SFI.
4. If they have a little money, I would recommend that they purchase some TCredits which would help them to raise some MRP that would help them to buy some products.
5. Change their buying habits to getting products/things that they already use from their business instead of going to the grocery or other store.

Let them know that they need to be completing their To Do List everyday to utilize all the points available there.

First month will be easy to get the needed VP to become EA but the second month onward will be very challenging especially if they have no funds. Honestly, it's quite impossible to maintain EA without buying from TripleClicks starting from second month.

The only way for those who don't have fund is for them to sell items from TripleClicks outside SFI to Personally Referred Member (PRM).

They will not only earn direct commission but also the VP assigned to the item they sold.

If they cannot sell to PRM, tell them that it's alright if they cannot reach EA yet, what they need to do is just continue to earn their free daily VP and intensify their efforts in finding affiliates (PSA).

Encourage them to identify potential affiliates from among their network of relationships who turn active and start buying from TripleClicks.

They need to earn as early as possible.

Next, still part of intensified efforts to find affiliates, they should learn how to promote their gateways to different social media and to free ads posting sites.

There will a point in time that you will need to assist them financially so that they jump-start their SFI business.

You do this if they already have active affiliates.

Helping them financially when they don't have active affiliates is a waste of resources. It will not do any good for both of you, because it will just be a temporary solution and not sustainable.

Just one last word, be sure to know if they don't really have the fund or they don't just want to invest and what they want is to depend on you.

I understand the concept of having no money!

In the world economy today we have to learn to be wise with where we spend or put our money. Remember this business is an investment and you will always benefit from a business that you put into.

However, there are things that you can do to earn more VP and become EA:

First of all make sure that you and your team are all doing your daily point's everyday.

Don't forget to see your "to-do-list" and click the link to see the new TripleClicks items (I missed a lot of VP by not knowing that trick). You should be able to earn 11 VP daily with that and Ask SC.

Secondly, enter contests.

The first one to enter is the **T-time**; it costs you nothing but 20 seconds and the effort of 3 mouse clicks.

Second make sure after doing your daily points and Ask SC you enter the **Daily Grand drawing**...Again this is free.

The other one you can enter is the TripleClicks **PTP** (Pick the Price). This does cost a TCredit but if you win you get TCredits so it can't hurt to try.

Also pay attention to your Upline's leadership page for any contests or promotions they may have going.

Remember that you get VP for all purchases (unless MRP are used) and for each bid on auctions.

Don't forget to promote your business. You get points when your PSA's become EA2.

Hope this gives you some ideas and helps keep you moving along in your business.

If you are still struggling don't forget to contact your upline they may be able to help you also!

How to support the new affiliates get the versa points in second month if he does not have the funds, namely:

1. Encourage affiliate activities that have a Versa Points

Encourage affiliates do activities which had points such as: the versa perform daily, weekly and monthly, the Act supports referrals she reached EA, answer the questions in the ASK SC

2. Encourage affiliate activities generating income who could trade off product of his friends, a reference to his friend make a purchase over the referral he, join the program PPA

3. Give TCredits.

Give TCredits can help trouble he gets points in second month.

4. Encourages the affiliate to participate in the **T_Time** contest

Encourages the affiliate to participate in the **T_Time** contest as much as 24 times in a day.

The more often he joined **T-Time** contests, the greater chance he has got two TCredits, the results of which can be to join an auction or PTP

5. Encourages affiliates participated in PTP.

Encourage affiliates to follow PTP. He has had the opportunity to join the PTP got 25 TCredits or 100 TCredits if predictions right.

6. Recruiting downlines.

Recruit downline is crucial. Can recruit friends, family or doing free advertising through media promotion

That's the things that we can do to support affiliates without funds reaching the status of EA in the second month.

If successful the affiliate reaches the EA in the second month, it will facilitate the achievement of the EA in the next month.

The best way to support a new affiliate from the second month in gaining needed VersaPoints is to encourage. Offer advice how to duplicate you.

There are many ways to increase VersaPoints without any funds.

Usually, the affiliates are given TCredits for entering the "Daily Grand" contest every day.

If the affiliate enters the T-Time Contest they will also earn TCredits and other prizes for winning.

If they have items to sell for money on the ECA Website, this is a great way to earn cash and VP Points.

If they do not have anything to sell, they can "Share" other's items and when other's buy from the ECA Sellers, a commission, called a referral commission would also be given to whoever referred others to items that sell in the ECA Sales.

Additionally, you may offer a one-time \$2 gift card to be used for shipping a W3 Package. If they have no funds, be sure they at least have a vehicle.

It would not make sense to help someone without a vehicle to get a sticker to put on their vehicle.

However, you could offer them a small \$2 gift certificate to help them buy a digital ebook; tell them the ebook should have resale rights, too. When their eBook arrives, they may become an ECA and sell the same eBook to others to make back the investment, and continue to earn by using the resale rights.

In 14 days of the purchase that you helped fund, be sure to remind them to review the item they bought with the \$2 gift certificate so that more VP could be earned.

Also, SFI has many flyers that may be printed out and placed at Laundromats, supermarkets, church bulletin boards, at college dorm areas, at the library, to others without funds that also wish to sell their items.

The more free advertising, the better chances to put people on their team that can also learn how to make money with SFI without money to invest.

Additionally, you may hold contests that encourage your team members to EARN gift certificates from you.

Whoever gets the most team members wins this, just for doing the daily "to-do-list", every day for the month they may get rewarded.

Just be sure you are HELPING this person EARN VersaPoints, and not DOING IT FOR THEM.

If you worked at a hourly job, and they just got hired and you worked there longer so make more than they did...and they didn't even receive their first paycheck yet, because they are too new...and you just got paid WHAT YOU EARNED...

Would you feel bad they did not work long enough with the company...and HELP THEM not to quit their job and to prove to the boss they are worth more than the money they were hired in at?

Or would you just give away the money you earned and work FOR THEM?

Be sure you are HELPING them earn and not doing it for them. It will make you have to work that much harder every month, and will not even help them or you...nor the other team members either.

IF you teach them how to start out with no money and succeed, they will also learn to teach others how to do this, too.

Why would you want someone on your team that is not earning VP on their own? This will continue to happen if you let it.

Getting Personal Sponsored Affiliates

Getting affiliates is very crucial to your success as an affiliate, joining S-builder's coop is one of getting affiliates constantly, however this involves making some payments in order to get the affiliates, then again you did not know the source of these affiliates being sent to you by the coop but one sure fire way to be able to keep on getting affiliates who knows what they are getting into is to open your own website or blog.

This way, you can explain what SFI is all about in the exact way you want your potential affiliates to know the business and the affiliate will have the perfect knowledge of what he/she is getting into to avoid being misled.

Once you get your blog up and running, don't rush and put your SFI gateway link first thing in the blog, rather take time to explain what SFI is all about and what one stand to gain once he joins the programme, then you can go on to ask the visitor if he thinks that the system is for him, he can go on and sign up and then you should provide the link which will take the visitor to your SFI gateway.

If you are on low budget, it is easier to begin with a blog; nowadays you can get a blog for absolutely free and placed your gateway link and your SFI banner on it. So below and going to teach how you can effectively do this. (after you have read how you can collect your earnings)

Benefit of Joining a Good Team/Having a Good Sponsor

Before I conclude, I will like to tell you the benefit of joining a good team or having a very good sponsor in SFI.

Most people when they join SFI, becomes overwhelm by loads of information that they see in SFI website, though those information was made to make the journey easier for new affiliates but without a good sponsor to tell you what to do next, give you advice and keep you motivated, you may find it very difficult to succeed in SFI or quit before you can start making a good amount of income.

I personally experienced this problem, when I joined SFI, my SFI sponsor was incommunicado, I didn't understand what am doing, so I left SFI without making any income, I spend a year researching other income opportunities and SFI before I opened another account with another sponsor who was also incommunicado but this time I have learnt how SFI works, I was determined not to fail again. I began reading all the information I could get my hands on about SFI and I was able to form a strategy that I teach my downlines and also sell the information in ebook in my TripleClicks store.

I personally support all my downlines from the first day they join SFI, I look at the tasks they do and advice them what to do next to get the maximum benefits of SFI, I wrote this ebook in order to make it easier for my downlines, I believe if you keep this ebook and apply what I wrote months after months, there is no reason for you to fail at all.

I communicate with my downlines (those that join SFI under me). I believe if my team are succeeding then am succeeding too, I set competition for my team and I reward the most serious amongst them, motivating them along the way.

So join my team if you are serious about succeeding in SFI, I will make your success my responsibility, [click here to join my team now](#)

LAST WORDS (MOTIVATION)

The following are the words of SFI owner Gery Carson, he will like you to know what he knows and here is what he has to say to you:

Overnight success...NOT!

Today we're going to talk about having big goals...but REALISTIC goals. SFI holds tremendous potential for those who will apply themselves, but it's not going to happen overnight or without work. As the old saying goes, *"the only place that success comes before work is in the dictionary."*

We often hear from affiliates asking why they're not seeing a big commission check yet. But more times than not, the person asking hasn't even been an affiliate for more than a few weeks and is only really beginning to even understand how the whole SFI system works. And frankly, even if the number was six months, it's still much too early to be expecting a significant income stream to have developed.

We always say that if you're not willing to give a business at least a year, don't even bother getting involved. You must understand: It takes time to get to know all the nuances of a business. It takes time to get to know the products. It takes time to develop a game plan. It takes time to figure out what marketing activities will work best for you.

The fact is, anything worthwhile takes sustained effort. If that were not true, we'd all be the perfect weight, we'd all have perfect relationships, etc. It's the same thing with your own business. If you're thinking money's going to start pouring into your lap next month, you've set yourself up for failure.

But let's look at some real examples and see if we can put some perspective on this. Let's start with SFI's own president and founder, Gery Carson. Gery explains:

"My success as a entrepreneur and business leader is widely known today. Yet what most people don't know is that I LOST money my first two years. I only broke even in my third year. And it was only when I got to my fourth year did I finally start seeing profits. Oh, how I wish someone had invented an SFI for me back in the mid-80's when I was starting out! ; -)

So was all that effort worth it? ABSOLUTELY! Because I persisted, today I live a dream life, I have my dream home, drive my dream car, and I get to lead one of the most exciting Internet companies in the world. Yes, because I stuck with it, I am today truly blessed beyond my wildest dreams."

But let's go farther. Let's look at some of the actual home business superstars we've interviewed and featured on our Website in the past:

Note that amounts listed reflect declared earnings at the time their interview was published.

ROBERT BLACKMAN now earns as much as \$85,000 per month. Yet it took Robert two years to see his first four-figure check (\$1,000 or more), and it took him five years to see his first five-figure check (\$10,000 or more).

CHARLES LESLIE's monthly income exceeds \$12,000 a month. It took Charles five months to see his first \$1,000 check, and three and a half years to see his first \$10,000 check.

TRACY DIETERICH earns \$36,000+ monthly. But it took six months to hit that first \$1,000, and a year to get to \$10,000.

DALE CALVERT makes so much more than \$100,000 a year that he won't even divulge the amount. Yet Dale worked four months before seeing that first four-figure commission check...and two full years before hitting five figures.

DR. JOE RUBINO now cruises at over \$62,000 each month. But that first \$1,000 check took two months, the first \$10,000 check, one year.

ROBERT BUTWIN drops \$80,000 or more into his bank account each month. But would you believe that first \$1,000 check took two years to reach, and a full FIVE years for Robert to reach the first \$10,000 check? It's true!

DAVID A. NELSON clears \$40,000 in a month. But reaching that first \$1,000 check took 18 months. Reaching the five-figure check took two years.

TONY KENT has exceeded \$90,000 in monthly earnings. But exceeding \$1,000 took Tony one year...and a year and a half to exceed \$10,000.

In other words, *even the most dynamic, highest-earning entrepreneurs took MONTHS to begin seeing an income of any real significance.* And the real wealth, the \$100,000+ income we all strive for, took an average of almost THREE YEARS to achieve!

Do you think ANY of these gentlemen don't think the ends justified the means? Do you think for an instant that the months and years invested hasn't been rewarded a thousand times over at least? You don't even have to think about it, do you?

If we told you that after two to three years of following our system, you could be making more in a month than you now make in a year, could you handle that? This is a genuine and realistic goal. But when you say you want to quit your job in six months and live off the income from your new business, well, that's just not realistic.

Not what you wanted to hear, right? But is what we're suggesting so tough to swallow? Of course not.

Can you think of any other endeavor where you could invest just five to 10 hours a week for a couple years and at the end of that time have that turned into a \$3,000 to \$10,000 residual monthly income stream? Money that keeps coming in month after month, year after year. Money

that keeps coming in whether you work 10 hours a day or two. A commission check waiting for you in your mailbox when you return from yet another vacation. Money that when you've left this planet continues to provide for your spouse, children, or grandchildren.

Sounds extremely nice, doesn't it? But again, these are likely not things you're going to see in your first year. It's just not going to happen. Some of you—the go-getters—you WILL see it happen in your second year. For most of you, however, you need to be thinking two to five years. And you know what? When you get there, we guarantee you, you'll say it was nothing!

BOTTOM LINE: We reap what we sow, but the harvest is never in the same season as the planting! Today you are planting...and will be at least for the next several months. Your harvest will come in time. Be persistent. Be patient. Work the Web using our proven SFI system. Think long term. Take action every day, (no matter how small) to build your business. And always remember, **THE ONLY WAY TO FAIL IS TO QUIT.**

Did the above discourage or motivate you?

Don't be discouraged, Gery is only trying to be prudent, if you are determined in this business, you can start living the life you want soon..... *Patience and determination is the key.*
