# Aim high. Dream big. SFI

Tutorial by Maria Banovacki

This is Part II of my short SFI tutorial. Here I decided to explain you where you can find your SFI affiliate links, Marketing material and how to promote TripleClicks products.

First of all, few times happened that my team members copied my affiliate links and pasted on their Facebook walls. I did it too, so nothing to be embarrassed.

Your affiliate gateways you can find on your SFI Homepage under My account menu:

When you click that link you will get new window. Now I will show them as a separate pictures as my screen is not big enough.

## My SFI Gateways

Every SFI affiliate is assigned his or her own unique SFI Gateway Website(s) to use in Gateway Websites for both referring TripleClicks members and sponsoring SFI affiliate referring members and sponsoring affiliates, click [HERE](#).

**"FREE" Gateway (aka our "REAL" and "REAL2" Gateways):**  
<http://www.sfi4.com/13091621/FREE>

This Gateway features listings of our latest enrollments and earner registration form so everything is all in one nice, compact page.

**WAVE3 Gateway:**

First link on the picture is your SFI affiliate enroll link (I prefer it the most, the most enrollments I had through that link)

**Instead of XXXXXX you should put your SFI ID (or just copy the link from SFI web)**

This Gateway features listings of the latest enrollments and earners and brief info on TripleClicks, as well as a built-in registration form so everything is all in one nice, compact page.

The second link is for refering new Wave3 members.

Attract new TC Members with the WAVE3 program (and earn commissions on their purchases) by referring your prospects to W3 Gateway above.

Also when you refer a new WAVE3 member, you participate in the weekly prize drawing – the first prize is 250\$ and the second prize is 50 TC (second prize get several winners).

Personalized with your name and an invitation to viewers to join SFI, this clean, friendly designed Gateway is also integrated into SFI Share-Its—little "mini-ads" for promoting SFI and TripleClicks on social media sites such as Facebook and Twitter

The second link is Entrepreneurs page with a short video which introduces the SFI to the potential affiliates.

**ECA (E-Commerce Associates) Gateway:**

<http://www.tripleclicks.com/13091621/ECA>

Refer companies that sell products to your ECA Gateway, and for each ECA approved that ECA lists their first product AND up to 10% of the CV (Commission Volume) [Learn more.](#)

The link on the last picture presents your ECA invitation page.

<http://www.tripleclicks.com/XXXXXXXX/ECA>

Refer companies that sell products to your ECA Gateway, and for each ECA approved, you'll earn an immediate 100 VP when that ECA lists their first product AND up to 10% of the CV (Commission Volume) on all of their sales at TripleClicks—for life!

**NOTE:** Most of us are advertising on the Facebook. In general, all TripleClicks link work on the Facebook but SFI affiliate links do not. You should use some of the link shorteners or the link cloackers. What I found the best is redirecting blog post, but any way, you should shorten that link also so you do not become blocked on the Facebook or any other Social network. About redirecting blog post I will write in the next Tutorial.

To shorten your URL, you may use [www.dot.tk](http://www.dot.tk) or <http://dft.ba> softwares.

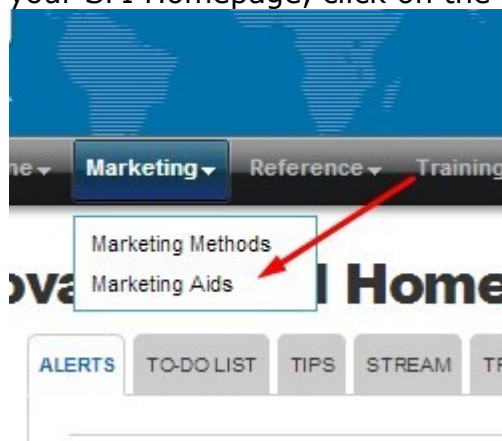

To cloak your URL, you may use:  
<http://www.badassbutton.com/> or  
<http://www.cloaklinks.com/go/cloak>

Now when you are familiar with your links, let me show you where you can find different marketing tools you may need.

In the Marketing menu on your SFI Homepage, click on the Marketing aids.

When the new window opens, choose which marketing aids you need: SFI, Tripleclicks ... and which type: text ads, banners, e-cards ...

Choose texts, pictures, create your links and start promoting. You may decide to create your own text, search for the motivation pictures on the Google or somewhere else.

What ever you do – be creative! Do not copy ads from other people as that is not you! (and those people may be angry and block you).

The image shows a two-part screenshot of a social media post creation interface. The top part shows the initial state where the text input field contains the placeholder "Write something...". A red arrow points to this field with the text "Ctrl+V" next to it, indicating where to paste content. The bottom part shows the same interface after a link has been pasted. The text input field now contains the URL "http://www.tripleclicks.com/13091621/detail.php?item=270191". Below the text field, a preview of the linked content is displayed. The preview includes a thumbnail image of a gift basket, the title "A Ravishing Success", the source "www.tripleclicks.com", and a description: "The wines and Chocolates speak for themselves. A unique gift basket filled with exquisite chocolates". There are also navigation controls for the preview, including arrows and the text "1 of 3 Choose a Thumbnail", and a checkbox labeled "No Thumbnail". Both screenshots show a navigation bar at the top with options like "Post Your Ad Here", "Members", "Events", "Photos", and "Files". Below the navigation bar are buttons for "Write Post", "Add Photo / Video", "Ask Question", and "Add File". At the bottom of each screenshot is a "Post" button.
